OLD BUSINESS:

✓ Machines are still working too close to the fallers in some cases. On April 10th, Y 40 moved in close to fallers. Faller had to shut down his machine for 1 hour. /

* * * *

Discussion was held re company Accident Prevention plans with regard to knee pad.

NEW BUSINESS:

Accident reports from other divisions were read and discussed in great length.

* * * *

ok All fallers still feel that it is necessary to have a radio in K 34 crummy. ✓ ok

* * * *

Fallers feel that some attention should be given a big log in a position to roll down on the road at L10 and L-line. ✓ ok

* * * *

It was felt that the paint on the log truck stakes should be renewed. ✓

* * * *

Machines working too close to fallers tend to isolate fallers. (All communications break down). ✓

* * * *

It was suggested that 2nd loader should wear protective glasses when bucking limbs in high places. ✓

* * * *

GENERAL:

Roy Heyd gave a lecture on the dos and don'ts of a first aid kit, and the methods of stopping hemorrhage and power saw cuts. Also discussed were other first aid practices.

* * * *

Jack Mumm addressed the meeting and commented on the use of knee pads and recommended that all who use power saws wear them.

* * * *

Jack Marc commented that we have worked 290 Accident Free Days.
